

ID NO. 04-10-130

Low Pressure Advisory Rescinded

The Village of Bald Head Island Utilities Department has rescinded its July 4th, 2022 low pressure advisory issued to consumers on Red Cedar Trail.

Bacteriological analysis results of the drinking water sample collected shows NO Coliform bacteria present. The system has resumed normal operations.

This order is hereby rescinded on July 6, 2022 by:

JP McCann, Public Services Director
Bald Head Island Utilities
(910) 269-6483

[Insert the following paragraph, if recent historical data indicates nitrates have been detected in the source water at a level ≥ 9 mg/l]

Boiling water concentrates any levels of nitrates that may be present in the water. Infants below the age of six months and pregnant women should use an alternate water supply (e.g., bottled water) whenever possible.
