

The Village of Bald Head Island

General Plumbing Installation of 3 Inserta Valves Date: 9/9/2024

The Village of Bald Head Island is seeking quotes for the installation of 3 inserta valves in our water distribution system. A location map can be found below. **Valve 1** will be located at the corner of Federal Road and Edward Teach Ext. and will require a 10" inserta valve. **Valve 2** will be located at the corner of Maritime Way and Muscadine Wynd and will require 8" inserta valve. **Valve 3** will be located at the corner of Muscadine Wynd and Edward Teach Ext. and will require 10"inserta valve. See map on page 2 for valve locations.

Scope-The Village will accept quotes for all materials and labor to complete the job.

Option 1- Including but not limited to traffic control, excavation, valve installation, and backfill. Option 1 quotes should be a turn-key quote with the only exclusion being asphalt restoration.

Option 2- The Village will also accept quotes for solely installing the inserta valves. If providing quotes for Option 2, the Village would expose the water line and work with the contractor on timing and providing backfill after the valve is installed.

Quotes should be returned to the contact information found below before Friday 9/20/24 at 2:00 p.m.

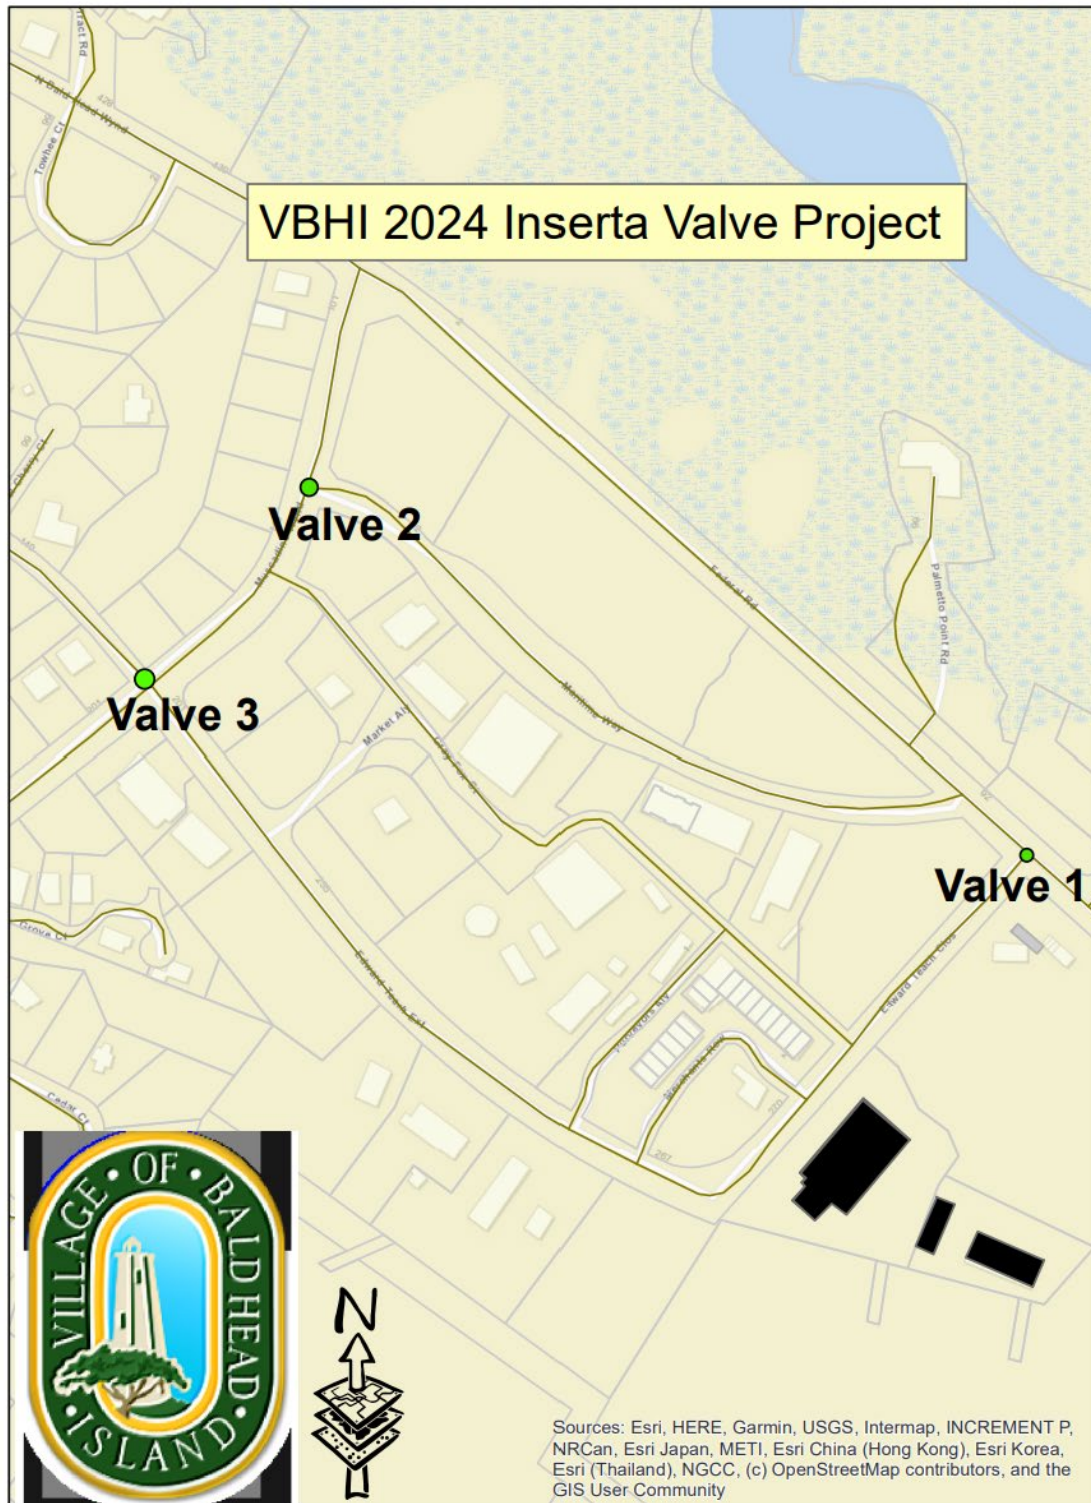

Please contact the *Village Representee* to schedule a walkthrough.

The bid should include all labor and materials to complete the job required to complete the job.
