System Pressure Advisory Rescinded

The Village of Bald Head Island Utilities Department has rescinded its February 20, 2025, system pressure advisory issued for the Village Common Area (Chicamacomico Way, Whale Head Way, Keepers Landing).. Bacteriological analysis results of the drinking water sample collected show NO Coliform bacteria present. The system has resumed normal operations.

This order is hereby rescinded on February 21, 2025, by:

A handwritten signature in black ink that reads "JP McCann".

JP McCann, Public Services Director
