System Pressure Advisory!

The water consumers of Village of Bald Head Island Utilities, in Brunswick County experienced periods of low pressure in the distribution system due to a low-pressure sensor issue impacting the following location(s): ISLAND WIDE.

The issue was resolved. However, consumers are advised to **boil all water** used for human consumption (including drinking, making ice, brushing teeth, washing dishes and food preparation) or use bottled water.

Vigorous boiling for one (1) minute should kill any disease-causing organisms that may be present in the water.

Water customers are strongly urged to conserve water whenever possible. This advisory remains in effect until further written notification is issued.
