System Pressure Advisory Rescinded

The Village of Bald Head Island Utilities Department has rescinded its November 5, 2025, system pressure advisory issued for Harbour Village (from Marina Park to Row Boat Row).

Bacteriological analysis results of the drinking water sample collected show NO Coliform bacteria present. The system has resumed normal operations.

This order is hereby rescinded on November 7, 2025, by:

A handwritten signature in black ink, appearing to read "JP McCann".
