## **System Pressure Advisory Rescinded**

The Village of Bald Head Island Utilities Department has rescinded its February 2, 2026, ISLAND WIDE system pressure advisory.

Bacteriological analysis results of the drinking water sample collected show NO Coliform bacteria present. The system has resumed normal operations.

This order is hereby rescinded on February 4, 2026, by:

A handwritten signature in black ink, reading "JP McCann", is written over a light blue rectangular background.
